

STALLION NOMINATIONS

Your Step By Step Guide

Welcome to the third installment of your Society's "How To" pages. In this issue, the AHSA would like to go through the step by step process for filling in your Stallion Nomination. This example is given on a Purebred stallion who has not yet been DNA typed:

The first step toward registering any new foal is to make sure your stallion of choice has been "Nominated" to stand at stud. Again, the AHSA has specific guidelines which are easy to follow.

STEP 1.

Please make certain that you are nominating the stallion for the CORRECT YEAR. **1**

Unfortunately, this is sometimes hard to establish for the Office if a horse has been bred with without the correct paperwork. Always use a "Notification of Intention to Use a Stallion" form for the correct year. This form should be submitted to the AHSA Office by the 31st July for the following year.

STEP 2.

The Registered name of the horse and his Registration Number are the first details you complete. You then advise if your stallion will be covering mares by Natural Service or by Artificial Insemination or both. Simply circle your requirements to indicate the type of service he will be performing. **2**

STEP 3.

Now complete the details of the fees required for your selections. In our example, we have chosen a stallion who will stand at stud for both Natural Service and Artificial Insemination; therefore the fees payable are \$30.00 (\$15 for each). **3**

Please Note that these fees are for each stallion you nominate, not for the number of mare's he may cover!

ALL stallions must be adult registered before they are able to "Stand" at stud. Please Do Not try to Nominate Foal Recorded colts!

A Purebred stallion requires:

- Adult Registration
- A Testicle Report
- DNA

An Arabian Derivative stallion requires:

- Full Adult Registration
- A Testicle Report

We have also said that he needs to be DNA'd so have included the \$70.00 fee for his DNA kit. (for more information on DNA please see December AHN or visit our website)

STEP 4.

For the purpose of this example, we are saying that our stallion is going to cover five (5) mares this season. We therefore order four Service Certificates for non-transported semen (Natural) and one Service Certificate for transported semen (A.I.) One is needed for each mare he covers. **4**

STEP 5.

Name of the Applicant: Only the person whose name appears on the stallion's registration certificate is able to nominate him. **5**

All applicants must be financial members of the Arabian Horse Society of Australia Limited.

Then we simply either fill in the credit card details or send a cheque or money order and await the paperwork. **5**

THE ARABIAN HORSE SOCIETY OF AUSTRALIA LIMITED ABN 12 001 281 590
